July 30, 1987

Dear Dr Nirenberg

I should be most grateful if you would be so kind as to let me have your most valuable opinion on the paper entitled:
"Possible evolution of sphere Junction Signals from stop Codons" written by P. Sureshpathy for possible publication in PNAS. I know how busy you are and I apologise for this intrusion on your time.

With kind regards

Sincerely
V. Ramalingaswami

PS

I had written to you on 26th May with a copy of the paper.

(M, I have a copy of the paper, but not Ramalingaswami's letter - believe Peri forwarded the paper to us) - S
